Discussion regarding a centennial tree

It was decided to plant a River Purple Beech as a centennial tree. Locations discussed included Lafayette Park, Rotary Park and Cannon park (next to KSB). After discussion it was unanimously voted to plant in Cannon Park. Blake informed that the cannon/howitzer may be relocated/replaced so final exact location within the park is yet to be decided.

Arbor Day – Wayne reported that he met with Mr. Quinn the principal at Kennebunk Elementary to discuss possible Arbor Day activities at the school. Mr. Quinn was to discuss this with his staff to see what form this might best take. As yet he has not responded back. Wayne will be contacting him.

Parsons Beach Rd. and Evergreen Cemetery planning is on track and all trees have been ordered.

Tree Canopy Grant – No discussion took place as Chris O. was not present.
