- Proposed Pump-out Station at Kennebunkport Marina

Shawn Dumas from Kennebunkport Marina proposed a pump-out facility at the Marina. The pump-out will be free of charge. Mr. Dumas explained the pump-out station will be at the inner dock of the marina and presented documents showing the location. Mr. Dumas asked the Committee for a letter of recommendation. The Committee reviewed the proposal and unanimously approved the pump-out station. Chair Rick Roberts will send the letter of recommendation to Mr. Dumas.

- Mooring Concerns from Neighbors across from Performance Marine

The River Committee has been notified the neighbors are concerned with the “appearance” of the Performance Marine Utility Barge on mooring. Their concerns are the aesthetics of the barge for tourists. The Committee consulted with the Harbormaster and found the mooring is registered to Performance Marine and the Utility Barge specifically. The Kennebunk River is a “working” river with commercial vessels and vessels such as the Utility Barge are necessary for use on the river and marinas.

- No other Business - Vote to adjourn at 7:30 P.M.

- Next meeting: March 17, 2020 /7:00 PM / Kennebunk Town Hall.
