It came to the Committee's attention that new docks were approved by the Kennebunk Planning Board and Town without first receiving approval from The River Committee. The River Committee had no knowledge of this dock proposal. Chair Rick Roberts reached out to the Town and asked for an explanation. Chris Osterrieder said the Planning Board was not aware of the procedures with regards to the river. Town Planner John Stoll reached out to Chair Rick Roberts and apologized for this mishap and said the procedure will be added to applications for all future proposals. Mr. Stoll sent along all related documents for the dock proposal to Mr. Roberts. The River Committee reviewed these documents and found no issues with the dock proposal.

- Kennebunk River Mooring Waiting List

After much discussion, it was decided that any person on the Mooring Waiting List that cannot put a vessel on their newly assigned mooring within the Rules of the Ordinance will forfeit the mooring and be put to the bottom of the Waiting List. The Committee unanimously approved the vote.
