**1. CALL TO ORDER**

The attendance by three or more members of the Select Board resulted in the need for this event to be posted as a Select Board Special meeting.

**2. ATTEND THE RIBBON CUTTING CEREMONY FOR THE TOWN'S NEWLY INSTALLED ELECTRIC VEHICLE CHARGING STATION**

The EV Charging Station is located at 159 Port Road in the parking lot behind the Washington Hose Fire Station, next to the Lower Village Park.

Select Board, Lower Village Committee and Energy Efficiency Advisory Committee members in attendance, as well as Town staff, Chamber of Commerce staff, and members of the public, participated in the ribbon cutting ceremony for the new EV Charging Station. Lower Village Committee member Patti Sass Perry, who was instrumental in writing the grant for the charging station, was asked to "cut the ribbon."

This location was chosen for its walkability to restaurants and shops, allowing those who are waiting for vehicles to charge the opportunity to explore what Kennebunk's Lower Village has to offer.

The Charging Station was made possible by a grant from Efficiency Maine with assistance from members of the Lower Village Committee and Town staff.

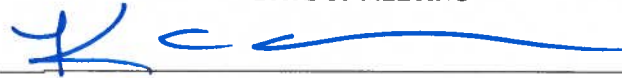

No Select Board business was conducted.

**3. ADJOURNMENT**

No formal adjournment, members arrived/left at various times.  
The ribbon cutting ceremony concluded at approximately 10:20 a.m.

Respectfully submitted by K.Nolette, Town staff
