

**KENNEBUNK DOG ADVISORY COMMITTEE**

**SEPTEMBER 11, 2019, 5:30-6:30 PM**

**TOWN HALL, 3<sup>rd</sup> FLOOR, ROOM 301**

A subcommittee of the Kennebunk Dog Advisory Committee (KDAC) has invited Mark King from the Dept. of Environmental Protection to speak on issues in animal waste, marine waste, and composting. There should be time for questions and answers and discussion.

The agenda is as follows:

1. The need for action in addressing the animal and marine waste issues in Kennebunk
2. The DEP's and Kennebunk's needed response to state initiatives
3. Legality of possibilities
4. Actions under way by other state municipalities
5. Possible collaborations with nearby municipalities
6. The feasibility of a pilot project
7. Need for a sponsoring committee, as the issues move beyond what the KDAC has assigned to them

The KDAC has a regular meeting at 6:30 in the same room, so we will not go beyond an hour.
