Re: Regional School Unit 21 v. Town of Kennebunk and
Town of Arundel and Town of Kennebunkport
Docket No. CV-22-7

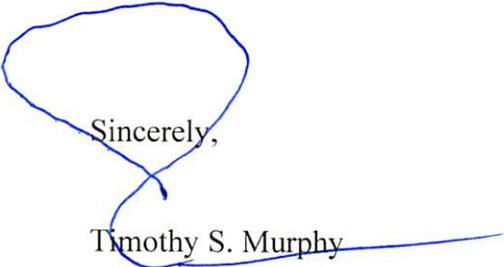

Dear Tamara:

I am writing in regards to a Motion for Injunctive Relief filed by RSU 21 as part of the above referenced and pending action. Although my client, the Town of Kennebunkport, is not directly or immediately affected by the RSU's Motion, a Court decision could be interpreted to apply to all three municipalities (Kennebunk, Kennebunkport, and Arundel) who make up RSU 21. For this reason, the Town of Kennebunkport wishes to advise the Court as to its position as to the Injunction sought by RSU 21.

Please accept this letter as Kennebunkport's Objection to the RSU's Motion for Injunctive Relief. Kennebunkport joins fully and unequivocally in the arguments raised by its neighbor, the Town of Kennebunk, in that Town's Objection to the Injunction filed on or about January 28, 2022. Kennebunkport agrees with its neighbor that the RSU has failed to meet the Ingraham Tests.

In addition, the Town of Kennebunkport desires to join the hearing on RSU 21's recent request for Emergency Review of its Motion by the Court.

Sincerely,

Timothy S. Murphy
