The boundaries of the Resource Protection District shall encompass the following areas:

- Great Ponds (Old Falls Pond and Alewive Pond).
- Branch Brook, Mousam River and Kennebunk River.
- Intermittent Streams and any other wetlands in Kennebunk.
- Great Ponds (Old Falls Pond and Alewive Pond).
- Great Ponds (Old Falls Pond and Alewive Pond).

Shoreland Overlay District:

- Those lands lying within two hundred and fifty feet (250') horizontal distance, of the normal high water line of the following:
  - Branch Brook, Mousam River and Kennebunk River.
  - Great Ponds (Old Falls Pond and Alewive Pond).

- Portions of Priority 1 Wetlands (201, 301, 303, 401, 307, 309, & 315) with NWI classifications of E2EM & PEM1

- Portions of Priority 1 Wetlands not otherwise included in the Resource Protection District.

- Those lands lying within twenty-five (25') feet horizontal distance, of the normal high water line of the following:
  - Priority 3 wetlands and all other wetlands which are one (1) acre or less in size, not listed above, and which
    meet the Article 2 definition of freshwater wetland.
  - Other non-development of the above ground portion of Priority 3 Wetlands.

General Legend:
- All Wetlands except those excluded from Resource Protection District
- Portions of Priority 1 Wetlands (201, 301, 303, 401, 307, 309, & 315) with NWI classifications of E2EM & PEM1
- 250' Zone Around Portions of Priority 1 Wetlands Listed Above
- Portions of Priority 1 Wetlands (201, 301, 303, 401, 307, 309, & 315) with NWI classifications of E2EM & PEM1
- Portions of Priority 1 Wetlands not otherwise included in the Resource Protection District.
- Portions of Priority 1 Wetlands not otherwise included in the Resource Protection District.

Note: Wetland boundaries are derived from the sources listed above and are for planning purposes only. The exact boundaries of these and any other wetlands in Kennebunk must be verified in the field for any development purpose.
