Building Permit Checklist

- Permit Application to be **dated, signed, and filled out completely**, including proposed & present use. Incomplete applications will be returned.
- Three (3) signed copies of HHE 200 form (Septic) by licensed Site Evaluator, if new septic system is to be installed. One (1) copy, if septic system exists.
OR
- A sign-off from the Kennebunk Sewer District (207-985-4741) must be obtained, if property is served by public sewer. (See General Information “e” on Page 1)
- Plans or drawings of proposed construction: 1) Foundation plan w/cross section; 2) floor plan of each floor; 3) cross section of building with description of materials to be used.
- Application for Entrance (for new driveway construction) must be completed and submitted to the Public Works Department
- Site Plan drawn to scale: To show all setbacks, size of all buildings (existing and proposed) and relationship to other features onsite - i.e. Utilities, wetlands, culverts (underground or overhead), septic system including tank & leach field, well, easements & driveways. Failure to provide complete documentation may cause permit rejection or risk of Ordinance violation.
- #1190 forms - required for utility connections (Phone or Power Company). All require sign off by the Code Enforcement Officer to install the service. Completed forms included with the application will be signed to save future connection delays.
- Map/Lot request form must be completed and filed with the Assessor’s Office for any newly split properties. The street address must be confirmed for newly split properties **and** for new constructions on existing lots.
- Project location identified by means of staking, tree clearing, etc. This should be done on site prior to making application.

***DIMENSIONAL REQUIREMENTS are the responsibility of the applicant and/or owner of the property. Failure to be aware of ones property boundaries may result in violation of local zoning requirements.**

PLEASE NOTE:

In order to process permits in a timely manner, review of applications will be conducted in the order in which complete applications are received as complete. Incomplete applications and plans will be returned to the applicant for resubmission.

PERMIT FEE MUST BE PAID and PERMIT CARD MUST BE RECEIVED BY APPLICANT BEFORE WORK MAY BEGIN!

Notes, condition, and certification

The person submitting this application has to be the property owner or an agent acting with an affidavit from the property owner giving permission to act as agent. (Application signed by owner)

Proof of Legal Standing Required – (i.e. most recent signed deed or purchase & sale agreement) must be submitted with this application. **More information may be required for lot splits.**

It is the responsibility of the property owner to secure all Federal and State permit approvals, and attach a copy of each to this application. A notice in writing is to be sent to the Building Inspector of any amendments to be filed to Federal or State permits.

Failure of the Building Inspector to act on the permit within thirty (30) days will constitute a denial of the application.

This application for a permit, if granted, is done so with the clear understanding on the part of the applicant that the construction is to meet the most currently adopted edition of standards of the N.F.P.A. Life Safety Code 101, N.F.P.A. Code NFPA 211 Chimney Code, the National Electrical Code, the State Plumbing Code and the 2015 IRC & IBC Building Codes, as adopted by the State of Maine.

If any changes to the plan whatsoever, in location, design, plans, dimensions, or purposes of use are to be made, the permit holder shall first submit to the Building Inspector a revised plan showing all changes and a letter stating the reason for the change(s). The Building Inspector will review the change(s) and refer it to the proper board, if necessary, or approve or disapprove the change(s).

It is understood that the applicant will notify the Building Inspector for the following inspections: (At least 24 hours in advance of the required inspections)

1. Footing/Rebar inspection.
2. Foundation inspection before backfilling (includes under drainage and damp proofing)
3. Fireplace/chimney inspection; top of firebox and smoke chamber and completion of the chimney (inspection by Kennebunk Fire Department)
4. Framing inspection before insulation and wall covering installed
5. Rough plumbing as per Plumbing Code
6. Rough-in Electrical Inspection (Electrical inspector requires minimum 48 hour notice)
7. Final Inspection for Certificate of Occupancy must be obtained before occupancy of all areas for which the permit was issued.
8. The Code Enforcement Officer shall be notified of any change in use of building or premises, and a permit shall be secured for such change.
9. Additional inspections may be required depending on the nature of the project.

The Building Inspector reserves the right to inspect any structure at his/her discretion as directed within the Building Code/Zoning Ordinance.

It is further understood and agreed by the applicant that he/she will comply with all existing ordinances of the Town of Kennebunk and all Federal and State laws and/or regulations. Failure to do so will result in action being taken under the appropriate section of the Kennebunk Zoning Ordinance and/or Federal and State laws, using Rule 80K.

In addition to the provisions of Article 4, Section 4(B)(1) above, any violation of any provision of this Ordinance, or of any regulation by the Town Health Officer pursuant to this Ordinance, may be punishable as provided in Title 30-A M.R.S.A., §4452, except as otherwise provided by State law. Each violation and each day of violation shall constitute a separate offense.

PERMIT FEE MUST BE PAID and PERMIT CARD MUST BE RECEIVED BY APPLICANT BEFORE WORK MAY BEGIN!
